**Design:**

- Tool body optionally in steel or light alloy
- No. of teeth = 2
- TC profile cutters
- Bore $\varnothing 30$, for larger holes, a larger tool $\varnothing$ is necessary (for an additional charge)

Application:

- For the production of straight and curved handrails

Workpiece material:

- Solid wood or panel material

Machine:

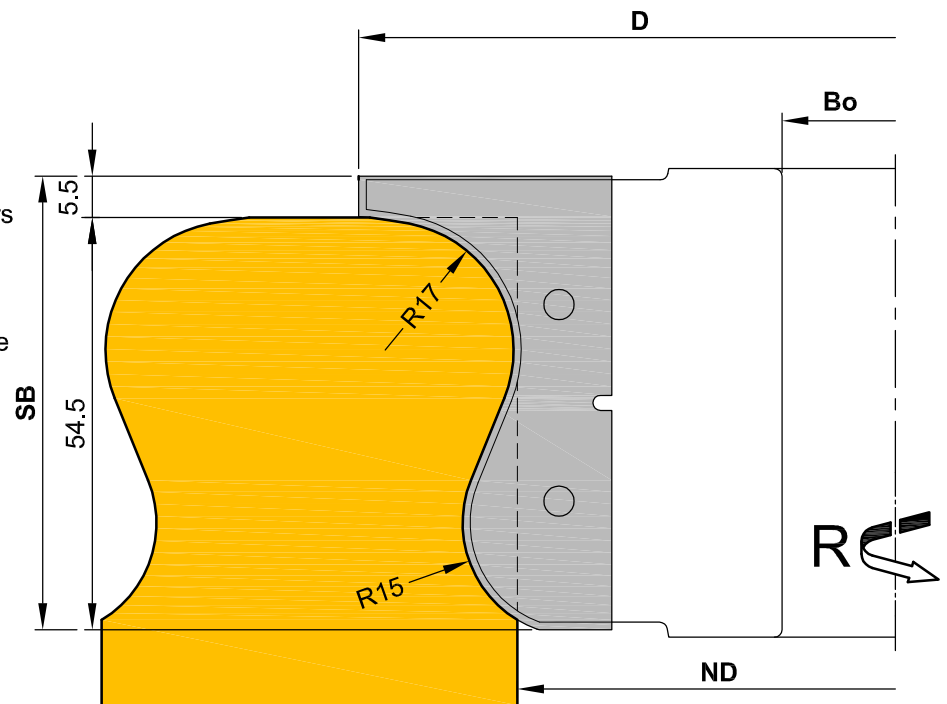

- Spindle moulder

Scope of supply:

- Tool body including profile cutters
- Key with handle Torx T40

Special features:

- Simple setting of the run-off edge and the milling height without measuring instruments by means of the end stop surfaces integrated into the milling cutter
